| Hedychium Coronarium Album .. .. .       | 2/6 | 17/6 |          |

## HYACINTHS (DUTCH)

We regret we are compelled to omit these from our list this year. In our endeavours to keep our customers supplied we depleted our stocks during war time, hoping to replenish by importing and acclimatising after the war, but at present European prices it is utterly impossible, and to avoid our stock being completely lost we must stop selling for one or possibly two years.
